ADDRESSING THE NEEDS OF AFFORDABLE HOUSING IN
LA PLATA COUNTY.

"A community is measured by the manner in which it addresses the poorest members of its community...affect change through local involvement". –Carter

TEAM BUILDING

...while giving to **YOUR** community!

Businesses and corporations have a wonderful opportunity to get out of the work place a develop team building skills as a department, through a non-traditional approach. Work days for teams are available during the week as well as Saturdays. Our Build begins with a ground Breaking Ceremony on May 10th at 9am and will continue through September 2014. Each year we historically build during the summer months when the weather is optimal. Teams can simply provide the labor that reduces our construction costs. Or they may fundraise departmentally and contribute to a portion of the build. For example, donate the funds for the window package of \$2500, then come install the windows! No donations are required to participate on the job site.

Likewise, no skills are required. A build day incorporates Safety Training, Mission history and instruction from our Construction Supervisor. As Teams return each year, the level of skills is evident!

Teams may also become involved in Fundraising events. Hammers& High Heels celebrating the Construction Industry is July 12 at SKA. Our Annual Wine Tasting & Silent Auction is Nov. 7th at the DoubleTree Hotel.

Dedication of the Cuellar home is October 18th, 2014 at the jobsite in Bayfield. Please join us! For more information contact Amy at 382-2215.

Board & Committee Members

Our mission is also served by numerous members of our community that work in governance and advisory capacity. If you have a desire to contribute your experience in retail, then the ReStore Advisory Committee may be a good fit. **ReStore Advisory meets September 19th at noon in the ReStore Conference Room.** Know accounting best practices? Maybe serving as Board Treasurer or within our Finance Committee. HFHLPC Board Meetings are held at LPEA on the third Wednesday of the month. Do you have construction expertise? Perhaps becoming a member of the Construction Committee helping determine Bid approvals and monitoring jobsite performance would be interesting. **Our Faith Relations Committee coordinates support of all our Faith Communities and will meet September 19th at 1pm in the ReStore conference room.** Have an interest and enjoy creative fundraising? Both committee and Board members are needed. Mentors for Partner Families are welcome, as well.

Join Our Fundraising Efforts!

...with so many facets to our mission, we have a place for everyone! Building Community takes all of us!

Our Fundraising Committee is made up of creative, civil minded individuals with a commitment to successfully secure funds for our builds. We have three signature events.

Our Hammers & High Heels celebrates the local construction industry. We seek to involve our builders in our charity, as well as, acknowledge the industry we actively participate through our annual builds. The event is an opportunity for the industry to enjoy an evening full of music, food and networking amongst each other, realtors and mortgage bankers. SKA Brewing is our sponsor and host of the event.

Our second event is held **November 7th** and is our **annual wine tasting and silent auction gala**. The **DoubleTree** has been sponsoring and hosting that event for over **15 years**. The **Wine Merchant** will be our event sponsors!

Our Contractors' Yard Sale is in partnership with The Home Builders Association of Southwest Colorado. For years we have benefited from this amazing relationships. Our host — Three Springs—provides the perfect venue for a one day sale of c of planning and physical support are required to make this event a success. If you enjoy socializing, decorating, planning functions, then this is a

Nov. 7th, 5:30-8:30pm

ReStore Donations Build Homes!

Our ReStore serves as an opportunity for year round financial support of our mission. Your donations of gently used household goods and construction materials contributes to our mission in a significant way. We need volunteerism, as well, in merchandising, drivers, cashiers and repair support—furniture, washers/dryers, electrical items, and antiques.
